GEOPHYSICS DEPARTMENT

All BS students must complete 5 units of independent research or an approved summer internship, and write a senior thesis or honors thesis on that topic under the guidance of a faculty research advisor. Suitable advisors and topics are typically identified while taking GEOPHYS 201.

Student Name ________________________________
Student ID ________________________________
Research Advisor ________________________________

Proposed topic of research (can be preliminary):
____________________________________________

Proposed quarter for registration in GEOPHYS 196, or timing and location of proposed summer internship:
____________________________________________

Proposed funding (if any):
____________________________________________

Proposed quarter for registration in GEOPHYS 197 or 198 (Senior Thesis or Honors Thesis), typically winter or spring of Senior year:
____________________________________________
