

# Qualifying Oral Examination

## GEOPHYSICS DEPARTMENT

The Qualifying Oral Examination consists of a presentation of the proposed research by the student. Your committee must comprise at least three Stanford Academic Counsel members. Outside scientists and other members of the Stanford faculty and academic staff may participate as well, however more than half of the full committee must be Stanford Geophysics faculty. After your presentation, give this form to your advisor to sign. When the form is complete, return it to Rachael Madison, Student Services Manager.
